

This is a program for players who are interested in being in an environment where they are being pushed and challenged to improve. Individual teams play in a league through [Colorado Youth Soccer Association](#). These teams will play against other clubs. Teams will play half of the season at the home fields and half of the season away. Away games could be as far as Ft. Collins or Colorado Springs area, though most games are in the Metro area.

We would like each player who is involved in Intermediate to participate in our [School of Excellence Program](#). This is a program to challenge players to improve with the ball and install motivation and passion behind the game.

For information regarding Intermediate, please contact Erich bartelt at ebartelt@rushpikespeak.com.

For information regarding the School of Excellence please contact Brian Lux at blux@rushpikespeak.com.
